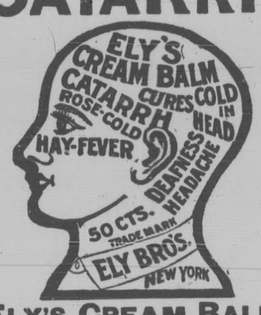
CATARRH



ELY'S CREAM BALM

This Remedy is a Specific, Sure to Give Satisfaction.

GIVES RELIEF AT ONCE.

It cleanses, soothes, heals, and protects the diseased membrane. It cures Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Easy to use. Contains no injurious drugs. Applied into the nostrils and absorbed. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

ELY BROTHERS, 56 Warren St., New York.

Natural Result.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take a medicine into the system that will remove the cause of sickness, and the illness leaves of itself. Dyspepsia, indigestion, sick-headache and biliousness, have their foundation in stomach disorders. Remove the other symptoms are no more. There is one cure for this that all druggists sell for 25 cents per box, it is called Dr. Gunn's Improved Liver Pills. They get right at the beginning of the diseases and make the cure by taking away the cause of it. We will send a small box free by mail, or a large box on receipt of 25 cents. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Pennsylvania.

CURED OF HIS CLUB.

The Way One Woman Kept Her Husband Home In the Evenings.

"I would be very happy if my husband would not spend so many of his evenings at the club," said Mrs. Bride, with a sigh.

"Why don't you try the suspicion cure?" said her intimate friend.

"What is the suspicion cure?" asked Mrs. Bride.

"Well, my husband once got into the habit of spending his evenings at his club, and I worried myself ill. Then I changed my tactics. Instead of asking him to remain at home I urged him to go to the club. The way he raised his eyebrows the first time I suggested it showed that I was on the right track.

"One night he said he had a severe headache and would remain at home. I opposed the idea and insisted that an evening at his club would make him forget his headache. He gave me a hard look, but acted on the suggestion. I knew he would be back within an hour, so I made an elaborate toilet. He returned, as I expected, with the plea that his head was worse. I ignored his question concerning my elaborate toilet. He hasn't been away for an evening since. It is almost like the old honeymoon, only he appears to have something on his mind."

SCOTT'S EMULSION

makes pale, thin children fat and chubby. Overcomes wasting tendencies and brings back rosy cheeks and bright eyes.

It's surprising how quickly children respond to Scott's Emulsion. It contains just the element of nourishment their little bodies need. They thrive on it.

Even a few drops in the baby's bottle have a noticeable effect for good. Nothing better than Scott's Emulsion for growing children.

Why do substitutes for Scott's Emulsion cost less? Because they're worth less. With one you wait in vain for the benefits you had looked for. In Scott's Emulsion you get them. It never disappoints. That's worth the few cents difference in cost.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

A DESERVED PROMOTION.

Congressman Victor H. Metcalf's numerous friends throughout this district and the State at large hailed with delight the good news that President Theodore Roosevelt had honored him by tendering him a position in his Cabinet. This is the second time only in the history of this State that one of its citizens has been thus honored. What makes it more to be appreciated in this instance is the fact that it was tendered without any solicitation whatever on the part of the recipient.

His strong personality and magnetism caused our sturdy President to hold him in high esteem from the very first and the attachment between them ripened into the strongest friendship, resulting in his selection as one of the President's advisors in National affairs.

Mr. Metcalf has had a wonderfully successful political career and he has attained this eminence entirely on merit and without the assistance of any "pull," to use a political phrase. His great ability, high character and eminent capabilities and happy faculty of making and holding friends soon gained for him a leading position among the prominent statesmen at Washington.

He also enjoyed an intimate relationship with President McKinley. His circle of friends and admirers was not confined to his own party by any means, but also included a large number of Democrats, both at home and at Washington.

The need of a great navy, if you have any at all, is shown by Japan. Her fleet ought to be big enough to blockade both Port Arthur and Vladivostock, but it isn't, and so Russian raids are possible. The lesson should be learned by the United States which has a coast line several times longer than Japan's and has taken over the coast of Central and South America besides by virtue of the Monroe Doctrine.

In seconding the nomination of Fairbanks for Vice President, Senator Foraker seems to have kept his eye on the main chance. He spoke two words for Roosevelt for every one he gave Fairbanks. Yet Fairbanks was born in Ohio, Foraker's State. There are so many Ohio men on the political track that they jostle each other.

THE CITY COUNCIL.

The Board of Town Trustees held an important meeting last Monday evening.

A. J. Fromm's liquor license that had been revoked at a former meeting, was restored to him, it being shown that he intended no breach of the law. J. J. Bullock appeared for Mr. Fromm and made an eloquent appeal for his client. Geo. C. Ross spoke kind words for the hotel proprietor, saying that owing to good character and the orderly way in which he conducted his saloon, leniency could be shown him. After some evidence being produced, Mr. From was given a license.

M. J. A. Spoerl who, it is alleged, had a barkeeper in his employ who permitted a patron to be brutally beaten, promised to discharge his employe and that no misconduct would occur again.

Mr. Ross presented a deed to a strip of land 50 feet wide on the easterly side of the high school lot, for the Carnegie library building.

Mr. Ross explained that the proceedings by which the school property was offered was had two months ago. The deed was accepted on motion of Foley, seconded by Walker — Havey and Luscher voting no.

Charles Gould was awarded the contract to sprinkle the streets at $3.70 per day.

WHERE TO SPEND VACATION.

Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.

He leaves a wife and one child. The funeral took place Thursday morning from the Catholic Church and the interment was in Holy Cross cemetery, Menlo Park.

Boat Race To-Morrow.

To-morrow will witness the much talked of boat race between the Eclipse and Pet. Much interest is taken in the great nautical contest and considerable money will change hands on the result of the race. The bay will be dotted with all descriptions of craft from San Francisco. The Alviso Yacht Club and South Bay City Yacht Club will have their finest vessels present to escort the contending crafts. It certainly will be a very pretty sight and one worth going a long way to see. The start is to be made from the deep water wharf promptly at 9 o'clock. The steamer Caroline will be at the wharf to accommodate all those who wish to see the greatest nautical contest of the century. The race is to be run from Hunters Point and back. After the race the Caroline will take the excursionists around the bay. The owners of the Eclipse stole a march on their rival yesterday by adding more sail to their craft, which they believe will make her a sure winner. However the betting on the big event is still even.

Surprised Their Friends.

George H. Leary and Miss Ella Gilbert surprised their many friends by slipping away to San Jose and being united in marriage by a minister of the Methodist denomination Thursday. They then started on a wedding trip which will include Santa Cruz and Monterey. Mr. Leary is one of Redwood City's most substantial business men. Two years' ago at his father's death he succeeded to his business as painter and by careful work has even enlarged the former good patronage. He is a young man of exemplary habits and notwithstanding the fact that he, in early life learned the printing trade at this office, he lived down that experience. Mrs. Leary is the eldest daughter of Mr. and Mrs. Frank Gilbert. She grew to womanhood here and is an estimable young lady. For the past few years she has worked in San Francisco as a milliner. On their return home Mr. and Mrs. Leary will take up their residence at the Leary home near the depot. The Times-Gazette joins with their many friends in wishing the young couple many years of happy married life.

Royden is a Hustler.

San Mateo has a real estate agent who is bound to come to the front, if he is not already very near to that enviable position. This man is Captain H. N. Royden, who went to San Mateo a little over a year ago after leaving the service of the United States. He started in a small way, recognizing that it was of utmost importance that he advertise. He commenced picking up business at once, until to-day, less than a year since he got things going right, he is handling three or four times as much business as all the agents in San Mateo combined. He advertises heavily in the local papers and besides that issues, at large expense, a four-page "Bulletin" once a month or oftener as needed. In this publication he lists many hundreds of bargains in property for sale, houses to to let, etc., and there is not a man, woman or child in San Mateo who does not know Royden, what he is, what he does and what he offers. He will make San Mateo a bright spot in California. —Palo Alto Citizen.

Interesting Suit.

James Crowe, guardian of the estate and person of Robert McNally, has commenced suit in the Superior Court against Judah Boas and Thomas R. Hobson, two San Francisco money lenders, to show what interest, if any they have, in the property of his ward. Young McNally some time ago deeded all his interest to certain real estate at Menlo Park to the defendants for, so it is alleged, a small consideration. The purpose of the suit is to determine what valid claim these gentlemen have to the property. The real estate consists of two valuable lots and and undivided half interest in a house and lot in the Domingo tract. Young McNally was left by his father at his death, nearly $8000, but only a small portion of the patrimony is left. He will reach his majority next October.

Assessment Roll Completed.

Assessor C. D. Hayward has completed the assessment roll of the county for far 1904. The total valuation is as follows:

First Township	$4,708,565
Second Township	3,803,975
Third Township	4,085,820
Fourth Township	788,505
Fifth Township	814,490
City of San Mateo	1,502,540
Redwood City	1,049,150
Total	$16,753,045

To this sum will be added about $250,000 of personal property, making the total assessment of the county for 1904 about $817,000,000. This is an increase of $2,000,000 over last year.

Flynn—Cohen Wedding.

Miss Katheryn M. Flynn of this city and Mr. Maximilian W. Cohen were united in marriage in San Francisco Thursday at the home of the bride's sister, Mrs. John Stohl. Mrs. Cohen is one of Redwood's most popular young ladies and has spent nearly all of her life here. Mr. Cohen is a manufacturing jeweler of San Francisco and is employed by one of the leading jewelry houses there. The young couple will make their home in the city.

ALL AROUND THE COUNTY.

Events of the Week as Recorded by a Corps of Special Correspondents.

The Masquerade Ball at La Honda Was a Grand Success.—A Great Time on the 4th.

LA HONDA, July 1—The chickens have begun to roost in the highest branches of our tallest trees—they heard the Ever Ready and Willing Club was coming to spend the Fourth here. The managers of the hotel are thinking of building an annex for them—all outside doors and no keyholes.

The masquerade last Saturday night was a decided success, many pretty and unique costumes were the product of nimble fingers and active brains, and some were oh! so comical! Especially startling was what appeared to be a demure young Miss dressed in a dainty dress, dancing length, walk out in the middle of the road and begin to turn handsprings and finally stand on her head, but the shock wore off when it was learned that it was Eddie Hause, a member of the San Francisco Olympic Club. Among the other maskers were Miss Elsie Dunn as a baby doll, Mrs. Bert Bernhard as Carmen, Mrs. Edward as Cigarette, Miss Essie Norberg as High School Girl, Miss Parish as Minnehaha, Miss Etta Kelting as Spanish Dancer, Miss Olga Ronning and Minnie Lieber as Cowboy Girls, Miss M. Rickoff as Flower Girl, Misses E. Muhlner and M. Murdock as Fern Leaves, Miss Rigney as Farmer Boy, Mr. Rigney as Hiawatha, William Sears as Kolb's Understudy, William Rigney as Topsy, Clifton Sears as School Girl, Edward Hause as Girl of the Period, William McEvoy as Washerwoman, and many others. Dancing was kept up till 1 A. M.

Thomas Cochrane, president of the Ever Ready and Willing Club of Menlo Park, has engaged apartments at Hotel La Honda for the members of that organization, who will arrive here to-morrow for a three days' outing. They are said to be great entertainers and will entertain lavishly while here. They have a crack baseball team that will contest for honors with a nine from the city on Monday. The former will be somewhat handicapped on account of the enforced absence of their catcher—a prominent medical man—but his place will be taken by Thomas Gardner, an ex-railroad employe and a catcher of more than ordinary ability. The club will also lose its heavy-weight shortstop, Charles Applegate. His position will be filled with credit by Eugene Crane, the painter who used to play first base for a Stockton team years ago. The Ever Ready and Willing Club's first baseman is a peach. A ball never misses his mits. Edwards, the well-known Palo Alto merchant, once a crack Eastern star, will hold down third base while Thomas Cochrane will pitch the game of his life. The team will be the greatest aggregation of ball-tossers ever seen in this neck of the woods.

Supervisor P. H. McEvoy and family came from Menlo Park on Wednesday to camp for a month or six weeks. They are located on the site they had last year. This is a very popular camp that entertains a great deal. During the season it will no doubt be the scene of many pleasant parties.

Mrs. Ed Bernhard who has been Hotel La Honda since the 1st of May will take her departure on the 5th of July and will immediately start East for an extended tour through "our own United States" and see all there is of interest in it, not leaving out the great fair at St. Louis.

Edward Bernhard came down from the city Monday night on his wheel. He left there at 11 P. M. and arrived here at 2:25 A. M. making the run over from Redwood in an hour and fifty minutes.

Much interest is being taken in the proposed races for the Fourth. These moonlight nights boys and girls may be seen running up and down the line practicing for the three-legged race, etc.

Old Glory Camp has the stars and stripes floating over their old camp ground and are prepared to enjoy life in shady woods for some time.

The Tapioca band will give a social dance in Sears' hall this Saturday night. Everybody is invited and a good time assured.

The Glennans are at Glen Camp for the summer. The Wrights are near them in their old camp ground.

Lowell Camp has many pretty young ladies from the Lowell high school of San Francisco.

Camp Stewbumvitzsky is with us again, but are in mortal fear of the Japs.

Genial Jim Ralston spent Tuesday with us.

Arrivals at Hotel La Honda during the past week:

From San Francisco—Mrs. J. B. Roxarde, Miss B. Bocarde, Miss Lottie Bocarde, Mrs. W. Alexander, W. G. Richardson, Mrs. H. F. Horstmann, Miss Grace A. Robinson, Ebenezer Knowlton, H. Brickell, B. W. Bernhard, Mrs. H. M. White, Herman C. Eggars, Henry Mahler.

From San Jose—Paul Shoup, Geo. H. Herbert.

From New York—Mrs. E. Kehoe, Alfred Ford.

From Vallejo—S. H. Oakley.

From San Mateo—Frank Barton.

From Redwood City—John R. Ripley.

From Berkeley—Harold French.

The Cavalli Bros. have been busy of late getting in supplies for the Fourth to appease the thirst of the merry-makers and arranging the program for the day, and don't forget about the grand climax—the ball in the evening—everybody bring your best girl and dance till you are tired, for the Tapioca band, which will furnish the music, never tires.

WOODSIDE.

WOODSIDE, July 1—Many from here attended the dance in Menlo last Saturday evening and all report a general good time.

Bert Shine made a flying trip to the city last Saturday. He also went to Oakland to visit George Greeley whom he found getting along as well as could be expected.

Miss Annie Meyer who has been confined to her bed with pneumonia for the last week is rapidly regaining her health.

The young people of this place will give a musical and dramatic entertainment on the 16th of this month. This is something out of the ordinary and no doubt will be quite a drawing card.

Miss Helena Hansen, the popular schoolmarm of Bellvale, is spending her vacation with her folks in this place.

Palo Alto and La Honda seem to be the places to go on the Fourth, and Woodside will be well represented at each place.

Hay-pressing season is running full blast. Judging from the number of presses in action the crops are far above the average.

This place was treated to a light thunderstorm on Wednesday but not enough to make it eventful.

Edward Greely lost a valuable colt last week. The colt was running out in pasturage and got sick and died.

PRACTICAL SCHOOL OF MINING

New Institution of Learning to be Established at Belmont.

Attracted by the fine climate, the picturesque hills, the accessibility to the city, and the many other advantages which our county offers, another great school of learning will locate in our midst. Already this county leads every other county in the State in the number of old established and well-known schools, and it is with pleasure that we welcome this latest accession among the many already located here. This is to be a thorough, practical School of Mines.

Strange though it may seem, no real practical school of mines is at present in existence in this country to our knowledge. It would seem that in our own western country where such great and wonderful discoveries have been made in mining, schools of practical mining would have long ago been created, but such is not the case. It is true our great universities, as well as some excellent private schools, have established mining departments that are second to none, but as far as a school devoted exclusively to the teaching, or rather demonstrating of real practical mining in all its branches, has not heretofore existed in this county. The one about to be opened at Belmont will be the first. No technical instruction whatever will be given there, but actual mining, drilling, blasting (the use of all modern explosives) timbering, blacksmithing, milling, amalgamating, cyaniding—in short all modern appliances in mining and milling, smelting and ore treatments will be in operation. A modern electric plant is now being installed so as to show the use of the electric drills and other electric devices. There will be a stamp mill in full operation and this will not depend on rock or ore to be brought from a distance, for a deposit of quartz exists on the property where the school will be located. Although of very low grade, to be sure, it carries from a trace to 80 cents per ton in gold—sufficient for the purpose of making the work interesting.

The promoters are fortunate in selecting this site for the enterprise. About five acres have been reserved, a most ideal location. We certainly were pleased and surprised during our visit there this week. Although only five minutes' walk from the station, it is right in the hills. One tunnel is driven in 110 feet, all in ooperation and quartz in sight. One shaft is down 30 feet, all timbered with square sets in regular mining style.

They are now grading for the mill of 1000-pound stamps. A museum containing already several hundred valuable specimens of ore from various mines is completed. The laboratory is almost finished. We understand it is proposed to make this more a mine in actual operation than a school, and we think there is certainly a great field for an institution of this kind on this coast and we are sure it will be a success from the start. We were shown a list of patrons of this School of Mines and noted the names of the largest manufacturers in the West. We think it will certainly pay them well to help start and encourage an institution of this kind, for the more perfect we can train our young mining students, not only technical, but practical, the greater success, they will make. But what pleased us more than anything else was that we also saw the names of a number of leading and successful business men of our own county as patrons of this school. This is as it should be. Anything of this character should be encouraged, and we wish this new School of Practical Mining the greatest success.

G. Roulliet, the well known wholesale liquor merchant, with his wife and two young sons, came from San Francisco on an automobile last Saturday and remained at the Oak Grove Villa until Monday. He is an enthusiastic automobilist who delights in speedy riding with a party of friends.

P. H. McEvoy had rather a thrilling experience Wednesday morning. He was engaged in stacking hay and having placed a buck rake under a large cock of hay started for the stack. He had not proceeded far when loud cries emanated from the load. The Supervisor was startled and on investigation discovered a young man all cuddled up in the hay. He had crawled in the night before and was sleeping soundly when awakened by the rough ride he was getting. When taken out he appeared to be more dead than alive from fright.

The Arizona Silver Belt this week publishes a long article about a big strike made in the Stewart and Clarke group of sixteen copper mines. The property is very valuable and owing to the recent rich strike the owners have had flattering offers from investors for the mines but have concluded to work them. The junior partner, Henry Clarke, is well known, having been a conductor on the Coast Division of the Southern Pacific Company for a number of years when this place was the terminal for the evening trains. He will visit his old friends here this month and after a short stay will go to the St. Louis Fair, and also take in nearly all the large cities of the East. He went to Arizona six years ago and immediately invested in mining property.

The clergy who have charge of the Santa Clara College property have purchased four hundred acres of land in the foothills back of Mountain View, adjoining the Delmas ranch, and it is the intention to make this tract the seat of a great college. The property at Santa Clara is too circumscribed in space to meet the demands of the rapidly growing college, and it has been decided to retain that historic spot intact, and use it as a preparatory school for young boys, while the new possesions will be devoted to the college proper. The people of the valley will rejoice to know that the old college buildings will not be destroyed, as they are the pride of the county. The new location is ideal in its beauty and fertility, and the fathers are to be congratulated for their success in acquiring it.—San Jose Mercury.

The Menlo Park Improvement Club held a rousing meeting in Duff & Doyle hall Tuesday evening. Nearly all the wealthy residents of this locality attended. A warm discussion was indulged in concerning the beautifying and improving the many attractions of this vicinity. E. B. Ryan, E. W. Hopkins, Bourke Corbett and G. A. Batchelder waxed eloquently along these lines, showing that Menlo Park could be converted into a veritable Garden of Eden by judicious expenditure of a little money. After accepting the report of the treasurer the following officers were elected: Joseph A. Donohoe, president; A. P. Redding, vice-president; E. L. Eyre, secretary; James G. Mason, treasurer. The following governing committee was appointed by the chair: E. W. Hopkins, G. A. Batchelder and T. F. Payne. The following new members were unanimously elected: A. P. Redding, W. B. Wier, P. H. McEvoy, James L. Flood, F. F. Moulton, Professor Meredith, P. Eyre, Mrs. Winchester and J. R. Smith. The following amount was subscribed, which is double that of last year: E. W. Hopkins, $40; Joseph A. Donohoe, $40; H. D. Kell, $40; T. F. Payne, $40; Bourke Corbett, $25; S. E. Slade, $40; John MacBain, $20; W. D. Clarke, $25; George A. Batchelder, $40; Duff & Doyle, $25; E. L. Eyre, $25; James G. Mason, $15; E. B. Ryan, $20; J. J. Moore, $40; P. H. McEvoy, $20; A. P. Redding, $20—total $475. A portion of this money will be devoted to street sprinkling and a portion to improving the main thoroughfares; that is the poison oak will be cut from the sidewalks and fences, giving them a more inviting appearance. Other important improvements are contemplated by the club, which has already done good work. The organization should receive the warm encouragement and cooperation of our citizens.

WARNING TO ALIENS.

Prospective Citizens Must Tell the Truth When Seeking Papers.

Angelo Raffetto, at one time a prosperous citizen of Colma, and the owner of a vegetable garden, has been deported by the United States Government on a charge of having secured his certificate of citizenship by false representation and false testimony.

Raffetto was naturalized in the Superior Court of this county August 15, 1895, under the minor act. He swore, as did his two witnesses, that he came to this country under the age of eighteen years, whereas the fact is he was twenty-three years old when he arrived in the United States. He thus imposed on the Court and received his naturalization papers.

Becoming prosperous he some time after departed for his old home in Sunny Italy. Tiring of the scenes of his youth he once again started for the United States, arriving at the Immigration station on Ellis Island, New York, he asked for admission into the country on the strength of his citizenship.

The Government authorities became suspicious and after sending to County Clerk Schaberg for a copy of Raffeto's naturalization papers, and thoroughly investigating his case had him arrested and indicted in the United States Circuit Court for the Southern District of New York. At the trial it was shown that Raffetto was born in Italy on December 29, 1863, and came to the United States for the first time in 1886, being then twenty-three years of age.

He pleaded guilty and the Court suspended judgment on condition that he be deported.

This case ought to serve as a warning to this class of aliens who by imposition and false testimony become naturalized under the minor act. Courts are every day imposed upon in this way by foreigners who find it an easy matter to secure two witnesses to swear falsely.

County Clerk H. W. Schaberg, in inquiring into the deportation of Raffetto, received the following letter from Joel M. Marx, Special Assistant U. S. Attorney. It will be interesting to many:

DEPARTMENT OF JUSTICE.
Office of the United States Attorney for the Southern District of New York.
NEW YORK, June 17, 1904.

H. W. Schaberg, County Clerk, San Mateo County, Redwood City, California.

Sir: Replying to your favor of the 7th instant in the matter of your inquiry as to the reason why Angelo Raffetto was deported, notwithstanding the fact that you had forwarded a copy of his certificate of citizenship, I beg to say that Raffetto was arrested and indicted in the U. S. Circuit Court for the Southern District of New York upon the charge of having obtained a certificate of citizenship by false representation and false testimony, in that, he obtained such paper in your Court on August 15, 1895 upon proof that he had arrived in the United States under the age of eighteen years, whereas the fact is that he was born in Italy on December 29, 1863 and arrived in the United States for the first time in 1886, being then twenty-three years of age.

The defendant pleaded guilty to the charge and admitted the above facts to be true, and thereupon the Court suspended sentence in his case upon the condition that he be deported.

In reference to your inquiry as to whether the papers were proper in order to enable you to make any explanation that you may desire, I beg to say that fraud in this case is similar to that detected in hundreds of other cases. While it emanates primarily in the defendant who necessarily commits perjury in order to obtain his papers, it is also in many cases chargeable to the haste with which the work is done by the various Courts and to the lack of proper examination of applicants. In some Courts we have found it due to the criminal collusion of clerks, in others merely to gross negligence. In any event, it is because of the large scale upon which these frauds exist that the Government has instituted the prosecution of these cases, and the greatest care is advised in the admission of this class of aliens.

Respectfully,
JOEL M. MARX,
Special Assistant U. S. Attorney.

Visited Old Friends.

Miss Mamie Winne who was one of Redwood City's most popular school girls and young ladies until her departute for Honolulu some five years ago, accompanied by Miss Harte of Honolulu, visited old friends in Redwood Tuesday. The young ladies are en route for St. Louis and other Eastern points. Miss Mamie ever since her departure from this place has been a teacher in the Honolulu school department. The young ladies who were both warm friends of Allie Glennan stopped with Mr. and Mrs. Glennan while here. It is to be hoped that they can make a longer stay in Redwood when on their way home.

Woman's Duties.

A woman who keeps her house in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the housekeeping. She is the deserving of the more credit since the demands on her strength are greater. The everlasting sameness about her duties, and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes her irritable, cross, and dissatisfied, which is just as much a disease as rheumatism or catarrh. If the nerves can be built up and made strong by medicine of some kind, this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong steady nerves, and prevents disease by building up the entire system, is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich blood, feeding the nerves, and making solid flesh at the rate of 1 to 3 pounds a week. This medicine is sold by druggists for 75 cents per box, or 3 boxes for $2, or sent by mail, post paid, on receipt of price. Write us about your case. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Penn.

Miss Ida M. Snyder,
Treasurer of the Brooklyn East End Art Club.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have $1.00 bottles of Wine of Cardui.

He is four years old this spring, stands 16 hands and 3 inches high and weighs 1050 pounds. He is a handsome mahogany brown, high headed and a high stepper with fine knee action. He was bred to a few mares as a two-year old and three of his yearlings can be seen at the Sweeney ranch.

DARNETAL II, the sire of Darnetal III, is a magnificent specimen of the French coach horse (demi sang corrosier). He is a blood bay, stands 17 hands high and weighs 1500 pounds. Bred by M. Renault, Colomby, France. Sired by the great French government stallion Darnetal, No. 12281, by Utique (French government national stud). Dam La Pelote, by Lansborn (French government national stud).
